Opal

The King of Gems

Straight from the Kings and Queens of Ethiopia comes the newly discovered Ice Opals from Wallo Province. More brilliant than the Australian opal, this stone promises to deliver all the fiery brilliance and all the icy cool tones of the Ice Opal. This is not like Mezez Province opals which come in nodules and are brown and most of the time unstable. So come and envelop your self in the sheer beauty of the Ice Opal today, the Kings and Queens of Ethiopia Welcome you!!

Price Range:

2 to 3 Grams of **Rough** Opals at \$4 per Gram in 100 Gram lots
